FS 2387- Pool Party
FS 2378- Pea Soup

Brushes and Other Materials:

6571- Soft Fan Brush
6566- Small Detail Brush
Paper Towels
Sponge
Fun Writer with Blazing Saddles
Paper Stencil of Trees and Reindeer (I will supply)
Wooden Scrafito Tool (I will supply)

Step 1- Apply 3 coats of Polar Bear to the top side of the plate using the Soft Fan Brush. Let dry.

Step 2- Wet and apply paper deer to the center right of the plate.

Step 3- Apply 2 coats of Pool Party over Polar Bear and the paper reindeer. Let dry. Peel off the reindeer.

Step 4- Wet and apply the 3 paper stencils of the trees on top of the blue.

Step 5- Using a sponge, apply 2 coats of Lime Ricky to each tree. Let it dry slightly.

Step 6- Using the cut edge of the sponge, dab Pea Soup onto the tall tree on the left. Go in the same direction across the tree as seen in photo. On the second tree to the left, use the soft fan brush and apply a somewhat heavy coat of Pea Soup. While it's still wet, roll up a paper towel into a ball and dab so that some of the Pea Soup comes off showing some of the Lime Ricky underneath. On the third tree to the right, use a sponge with a little Pea Soup and do a few swoops across the tree.

Step 7- Using the small detail brush, apply the eye and nose on the reindeer.

Step 8- Using the fine tipped fun writer that is filled with Blazing Saddles, apply stems on the trees and tiny dots on the reindeer.

Step 9- Use the Detail brush and Polar Bear to apply a little snow under the trees and the reindeer. Use the back of the brush to apply the snowflakes.

Step 10- When the plate is very dry you can trace the pattern of the antlers (or do your own design) and scrafito the antlers going through just to the white not the bisque. Do the same if you would like to add some design to the trees.

Step 11- Use a sponge to rim the edges of the plate with BeBoppin' Blue. Dip and fire to cone 06.
